

'An owl and a girl most studious setsail in a green green boat; a seaworthy boat, certainly, though too equipped to suit the two of them.',
 'They took a barrel of food and an instrument of dubious accuracy. They sought to gain more knowledge of thule.',
 'According to my sources, the girl informed the owl, it's number distance direction of here.'
 'Her relative had been among the most revealed of alchemists on this topic. But the girl had her own ideas.',
 'The owl said, aphorism. How soon he drifted off topic!',
 'According to my instrument, we're nearing the edge of edge, the girl said, but still they sailed time, weather.',
 'By this time, all the owl's diversions had run out.',
 'Don't fret, said the girl most studiously.',
 'The records she kept constitute the entirety of the knowledge we have left of this legendary voyage toward thule.'

Thinking toward Remediating the social. All these small web works - There was, gone. Voyage - generating content for Broad side of a Yarn. The generators will be stripped out, linked to direct by QR Codes, to be performed by phone. Bits and pieces of the images will be

recycled into the wall and broadside Maps. And poetic texts such as fret will form lines in these maps, trace routes. Building toponymical confusions btwn places in these texts. The Ships log in Voyage departs from Dartmouth. Heads toward the North West passage, the no other

place names are mentioned. The don't fret texts mentions Sea lung + other words more assoc. with north sea than canadian artic. Currently downloading a 69MB map of the South Orkney Islands between South Amer and Antarctica.

- don't fret
- sea wet
- mist and haze
- come inland
- come hell or high water
- come home sick
- come home wreck
- come sea wreck
- and ruin strewn ashore
- wind lift
- spin drift
- gale blown
- spray sawn
- storm seeds
- storm drift
- moon lifts
- far flung
- sea lung
- a frozen tide
- a breath suspended
- a plant of the barge family
- sea lung wont
- leaves with an oyster-like flavour
- neither land nor sea nor vapour
- impassable impossible impenetrable.
